Description of item

[Tousagi] folk art ceramics old folk northeast of ceramics Soma grilled Ohori Soma celadon cracked baked cracks celadon
Tatsusuna 釉 Enamels length dish square plate / Imari Nabeshima ware

Product Description +++

It seems that it would be made of Soma grilled Fukushima Prefecture, it will be an exhibition of cracks celadon color picture length dish.

It is the work, such as similar to the cracks celadon color picture work of Nabeshima ware system of Saga Prefecture.

There has been intentionally et al stain a dark color glaze of creating a 磁貫 input in blue 磁釉 of cool bluish.

It is shaped into a four-way length dish with a hill.

On the left side of the dish, over the back from the prospect, it has been used is cinnabar glaze of red-purple.

Expected to has motifs of Noshi is drawn to Wakamatsu in the color picture and the red picture.

Anywhere in the works inscriptions and seal in it is not found.

I think that it is the work of the time in the Meiji era, but the exact age will be unknown.

As located in the photo, it is seen the traces of splintering on the corner of the four-way of the mouth edge.

Traces of kiln scratches and kiln cracks can be seen in the mouth edge and high ground.

Kiln flaws, there are irregularities, glaze uneven, also like glaze of adhesion.

There is a firing distortion, it is seen considerable backlash.

The state of the overall work please judge with a photograph.

There is no attachment of the outer container, such as a box.

※ etc. Kamajo-era decision, because it depends on the subjectivity of the exhibitor, seeing a photograph well, on top of the current confirmation, we ask that you please bid.
